## About

Pocket Aces Racing LLC is a racing syndicate formed to provide affordable opportunities for individuals to enjoy the “sport of kings” through fractional ownership.

Our goal is to provide all the fun and excitement that thoroughbred racing has to offer with a fraction of the financial risk, none of the hassle, and an extreme level of customer service.

➤ **Affordable Shares:** Unlike the majority of partnership opportunities, Pocket Aces Partnerships are affordable. We don't over inflate (or mark up) the price of the horses. Shares in our partnerships are typically available for around \$1,500 - \$10,000 depending on the purchase price of the horse and the number of shares available.

➤ **In the Money:** Pocket Aces runners have finished in the money in nearly 50% of their starts. Even more impressive, Pocket Aces runners have "cashed a check" in more than 90% of their starts.

## Finances

Shares in the Pocket Aces Racing partnerships vary based on a variety of factors including the cost of the thoroughbred, time of year purchased, where the thoroughbred is racing, who is training the thoroughbred, and the number of months of maintenance expenses which are being collected up front.

Typical partnerships are comprised of 10 shares and each share typically sells for \$2,500 - \$15,000. We often make partial shares (halves and quarters) available as well. Maintenance expenses are billed quarterly. Expenses are approximately \$1,000 per quarter per share (9.9% ownership). Three to six months of maintenance fees are normally included in the initial buy-in.

## Timeline

- September - October, Year 1: The Thoroughbred will be purchased in the fall of Year 1.
- October, Year 1: The Thoroughbred will ship to an off track training facility where it will be broken (see definitions, “break”) and begin training.
